DATE: November 03, 2023

BACKGROUND

The court meets one of its equal access requirements by providing a virtual courtroom environment. The requirement for access to the court in a virtual manner arose during the time of the COVID-19 pandemic. To enable this, all Court Rooms and Jail Booths 1-8 were fitted out with equipment that could comply with the specific connectivity and recording requirements. The end of the COVID-19 pandemic did not end the requirement for providing virtual access to the court. To enable a continued virtual environment, a subscription to the software ZOOM is an essential requirement. Without subscription to this service, access to the virtual environment can no longer be provided. The requirement of providing virtual courtroom services poses an additional cost burden on District Court.
